

HTML5 Game Developer

Advertiser:
Geco Gaming

13 Mar 2019**Sydney**, North West & Hills District**Full Time****Information & Communication Technology**, Developers/Programmers**About Us**

GECO Gaming design and develop online games exclusively for the gambling industry. We produce innovative, feature rich games that appeal to a broad spectrum of players across multiple platforms including mobile and tablet. We are part of the Playtech group, the world's largest online gaming software supplier, traded on the London Stock Exchange Main Market, offering cutting-edge, value-added solutions to the industry's leading operators. Our company's business portfolio consists of the most prominent names in the business, including Betfair, bet365, William Hill, Paddy Power and Sky. Behind the success of Playtech's products and services there are around 5,000 employees with offices and development centres in 14 countries, the majority of whom are engaged in research and development of current and future gaming technologies.

The Role

We are currently seeking a talented HTML5 Game Developer to join our Sydney team based in Norwest Business Park. Our dynamic team enjoys global exposure and is growing to take advantage of new opportunities.

The role involves the development and creation of game software (and any other software), including concept and game design, software architecture and development and you will need to work with Graphic Artists, Game Designers and other professionals to create, develop, produce, upgrade and update new and existing game software applications.

Required skills

- Experience in Javascript and HTML5 related technologies
- OOP in JS

Nice to have skills

- jQuery
- Knowledge of PIXI, Phaser or any other HTML5 game Frameworks
- Knowledge of PureMVC Framework
- Experience in creating any type of games
- Nice to have: Online portfolio of your work, games, experimental and personal projects

If you have any prior experience in Flash game development, Unity 3D game development or on any other platform, feel free to apply for this role. We are happy to train people with the right skillset and attitude to transition into this role.

This is a great opportunity to further develop your skills and broaden your professional experience within a global company. Flexible work hours are available for the right candidate.

Applicants need to have the right to work in Australia.

The application form will include these questions:

- Which of the following statements best describes your right to work in Australia?
- What's your expected annual base salary?
- How much notice are you required to give your current employer?
